College**

PROGRAMME PROSPECTUS

2022-2024

VISION

A student-centred, community-focussed, environmentally-friendly and technologically-driven higher education institution graduating innovative, critically-thinking, global citizens who matriculate to higher studies, create jobs or are engaged in other quality endeavours.

MISSION

We contribute to the socio-economic development of our community, Jamaica and the world by providing an enabling environment that enhances the knowledge, skills and attitudes of our students.

CORE VALUES

** Excellence * Integrity * Customer-Centricity
*Teamwork *Accountability
* Living in Harmony with the Environment*

PRINCIPAL'S MESSAGE

I am honoured to have the opportunity through this medium to meet you, our future students of this amazing institution, Brown's Town Community College (BTCC). We pride ourselves here in taking you from where you are to where you want to be. We ensure that you get a high quality education and superior student support services to empower you to continually expand your capacity to achieve your full potential and become productive members of our world.

In light of the pandemic which ushered in the digital revolution in the education sector, BTCC transformed and continues to improve our programme offerings and delivery methods to allow for greater flexibility and accessibility. Currently, we offer a range of programmes at the certificate, diploma or degree levels in high-demand disciplines including Nursing, Culinary Arts, Hospitality, Construction, Business and Social Work. Starting in September 2022, we will add degrees in Computing, Agro-Processing and Food Service Management.

There is a programme here for you: if you desire to re-do your CSEC subjects, pursue the Sixth Form Pathway programme, obtain a skill or a degree, you've made the right choice. We look forward to welcoming you to be a part of this vibrant learning community.

Claudeth Haughton, Ed. M., B.A.
